Url	http://24.24.24.60/TMB/service/service_bus.php?key=1226&s=32&bid=1&ul=0≪=2								
DETAILS OF APIs									
Get Bus bus stop List UI means upper limit and LL means lower limit if you want limted data from database two extra field will there named total record and show record which given number of total records in database and no of record which return by your condition									
Required Parameters OF API									
key=1226									
s=32									
bid=1									
ul=0									
II=2	II=2								
9.Update Bus	9.Update Bus Location								
API Code	33	API Slug	update_bus_location						
Url	http://24.24.24.60/TMB/service/service_bus.p	ohp?key=1226&s=33	8&bid=1&latitude=0&longitude=2						
DETAILS OF AP	ls								
Update Bus Locat	ion								
Required Paran	neters OF API								
key=1226	ey=1226								
s=33	s=33								
bid=1									
latitude=0									
longitude=2									
10.Login Bus									
API Code	34	API Slug	login_bus						
Url	http://24.24.24.60/TMB/service/service_bus.php?key=1226&s=34&passcode=123456								
DETAILS OF AP	ls								
Login Bus									
Required Paran	neters OF API								
key=1226	key=1226								
s=34									
passcode=123456									
11.Get Bus Real time location									
API Code	35	API Slug	get_bus_location						
Url	http://24.24.24.60/TMB/service/service_bus.php?key=1226&s=35&bid=4								
DETAILS OF APIS									
Get Bus Real time location									
Required Parameters OF API									
key=1226									
s=35									
bid=4
